

SCCARC Net Control Script

12/22/2008

Calling all radio amateurs, good evening. This is _____, Net Control for the Santa Cruz County Amateur Radio Club Net. This net meets every Monday evening at 7:30 PM on the K6BJ, KI6EH and W6WLS two-meter repeaters, as well as the K6BJ 440 MHz repeater.

During this net, club officers pass information of interest to club members and committee members exchange activity reports. Following check-ins, reports and announcements I will invite stations to share items of general interest.

Anyone with emergency or priority traffic can interrupt this net at any time.

Now we'll take member check-ins by call sign. Please announce your call slowly and clearly. [Acknowledge all check-ins.]

First off, we'll take member stations with suffixes beginning with:

A – D Alpha thru Delta
E – H Echo thru Hotel
I – M India thru Mike
N – S November thru Sierra
T – Z Tango thru Zulu

We always welcome visitor check-ins to the Santa Cruz County Amateur Radio Club Net. Do we have any visitors this evening or late members who would like to check in?

Now we'll take reports from club officers:

starting with our President, Rich W1WUH
Vice President Greta KI6NTL
Secretary Kathleen KI6AIE
Treasurer David WS2I

- Are there any reports from Board members?

Are there any committee reports? [Acknowledge committee chairperson]

Are there any special announcements this evening? [Acknowledge as required]

Now let's invite stations to share items of general interest. Topics could be connected to radio, computers or related topics such as swap shop items, DX, or technical insights and any questions. Please give us an approximate 30 second sound bite. Members are encouraged to discuss any item after the net.

We'll take stations with sound bites having suffixes beginning with:

Alpha thru Mike [Acknowledge each station; sound bites to follow all check-ins]
November thru Zulu

Are there any last-minute check-ins?

This concludes the Santa Cruz County Amateur Radio Club weekly net. We will meet again next Monday at 7:30 PM on these K6BJ, KI6EH and W6WLS repeaters. The countywide ARES net will meet at 7:30 PM Tuesday on the W6WLS repeater. This is _____, Net Control, thanking you all for participating in this net. Have a good evening.
